Dear Parents and Carers,

Welcome to our first joint newsletter of 2021. As before, we will endeavour to keep it up and running with material from both schools. Children, parents and staff can contribute with pictures, writing, drawing, recipes, reviews, jokes, diary entry, or just a funny story about what you've all been up to... Please email me at paul.bargh@frithville.lincs.sch.uk

Following the government's announcement on Monday evening, on Tuesday 5th January 2021, both schools were only open for Vulnerable Children and the children of Critical Workers from any year group. If your child was in either group before, then our provision will continue as last summer.

The government reiterated again that the safest place for children is at home.

Whilst at home, remote learning will be provided. Pupils received a pack of work on Tuesday that will cover the first two weeks of lockdown, online support began on Wednesday 6th January. Please see the Remote Learning Strategy for more details or contact either school. Please let us know how the remote learning is progressing, especially things that are going well so that we can share your experiences with other parents.

Once again, I am sorry that we had to confirm arrangements at such short notice, but thank you for your understanding and support. The staff from both schools will continue to contact you to ensure everything is going as well as it can be. Please contact the school if you require any support or advice.

Take care, stay safe.

Paul Bargh

Children:

Please feel free you contact your teachers using the email addresses below, I know many have already. We do really want to hear from you.
