Dear Parents and Carers,

The week has flown by... With lots of wonderful learning taking place at home and at both schools, please have a look at the wonderful pictures that have been sent in. Thank you again for all your support.

Please keep sending in the photos, jokes, recipes and anything of interest that I can share with other families.

Last night I sent you an email regarding the Government scheme to help with mobile data, please could you complete the online form, so that we can help support you at home in whatever way we can. There are seven questions to complete and it should only take about two minutes to complete.

Both Frithville and New York Primary Schools would need to apply for this extra data on your behalf. If you would like us to do this, please read the privacy notice on the link below and fill out your details on the form following the link, also below.

Privacy Notice:

Remote Learning:

As you are aware, all staff have been working tremendously hard to prepare the work that has been made available for your children. Every child received their own file last Tuesday, at the start of the lockdown period. This was for the first ten days.

The next ten days work will be available to access on each of the school websites from Monday. Please remember that there is an expectation that the children should attempt to complete the work provided. Children working at home and at school have access to the same learning objectives and at the end of lockdown we'll all continue where we left off. If there are any problems then please join in with the daily sessions organised by the class teachers, or contact us directly.

Amazing learning at home...

- Reading instructions.
- Writing shopping lists.
- Money
- Weighing.
- Measuring.
- Capacity & volume.
- Ratio and proportion.
- Fun!

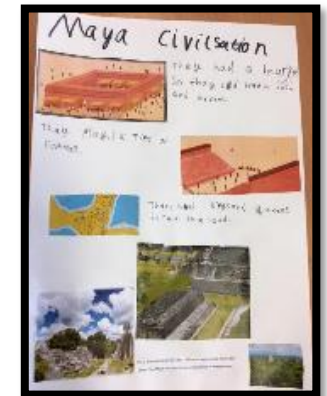

My specialist subject... Food!

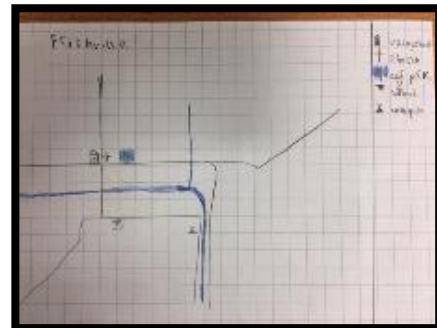

Amazing learning at School...

- Measuring.
- Counting.
- The retelling of Handa's surprise by Marcus.
- Finished Lockdown 3 Rainbow Poster.
- Ancient Maya posters.
- Sketch maps of Frithville,
- Baked scones, made the butter and made the jam!
- Art and design.
- Modelling.
- Fun!

Brilliant!

E-safety:

We subscribe to the online safety magazine DITTO prepared by Alan MacKenzie a Lincolnshire e-safety consultant I have known for many years.

Web: www.esafety-adviser.com

His magazine is now in a new format...

The direct download (PDF) is [HERE](#).

This topics in this DITTO edition are:

- YouTube influencers.
- TikTok family safety mode
- What is Like Farming?
- Notifications
- Taming Gaming website
- Report Harmful Content service
- and a few snippets of other information.

Dear Friends Solve This...

$$\begin{array}{rcl}
 \text{Wrench} + \text{Wrench} + \text{Wrench} & = & 30 \\
 \text{Worker} + \text{Worker} + \text{Wrench} & = & 20 \\
 \text{Hard Hat} + \text{Hard Hat} + \text{Worker} & = & 13 \\
 \text{Wrench} + \text{Worker} \times \text{Hard Hat} & = & ?
 \end{array}$$

Engineering IQ

The answer is 43...

How?

Joke Corner...

Yesterday I saw a guy spill all his Scrabble letters on the road.

I asked him, "What's the word on the street?"

A bear walks into a shop and says, "Give me an apple and..... cola. please"

"Why the big pause?" asks the shop keeper. The bear shrugged. "I'm not sure; I was born with them."

Did you hear about the actor who fell through the floorboards?

He was just going through a stage.

Did you hear about the claustrophobic astronaut?

He just needed a little space.
